## Lesson Information

Private Lessons are available in 1/2 Hour sessions. These are one-on-one sessions with one of our professional instructors and are available seven days a week. Lessons are available for all areas of baseball and softball. During each lesson the athlete will be instructed on critical elements that will help create a successful ballplayer. Please call (412) 380-7000 for our East Campus location or (724) 444-8850 for the North Campus location to book a lesson with an instructor. Both of our Campuses have batting machines of various speeds, and all are operated by tokens; each token gives you 14 pitches and lasts 2 minutes per round. Our machine cages are open to the public to use M-F from 11am-9pm (North campus) 3pm-9pm (East Campus); Weekends 9am-9pm (Campus-Wide). We also have an ATEC softball pitching machine available to rent in one of our cages (Campus-Wide).
